

THANKS GRANDPA

Grandpa was always there
Coaching us, as we grew
Passing on helpful hints
Knowledge he'd gained and surely knew

Little things, like pulling weeds
And leaving carrots be
Pig weed, red root and wild oats
The difference, between the three

Pail fed calves, grow big and strong
Make sure each gets his share
Washing and grooming 4-H calves
They need the best of care

Standard trucks are hard to drive
Little legs don't reach the clutch
He spent long hours teaching me
His patience meant so much

Horses that work long and hard
Are covered with white sweat
Don't let 'em drink their bellies full
If they haven't cooled off yet

Always treat your family
With the love they've given you
Everyone is special
And he made me feel it too.
